8 April 1958

MEMORANDUM FOR: Project Director

25X1A

ATTENTION : [redacted]

SUBJECT : ELINT Configurations for AQUATONE Missions

1. Five ELINT Systems are now in Project use:

25X1D

[redacted]

2. Systems III and VI (or I if VI is not available) can accompany all missions using the A or B camera configurations. Systems IV and V use Q-Bay space and cannot be used with any camera except the tracker.

3. A description of the various configurations which may be desired from these basic systems is fairly complicated and thus has been reserved for an accompanying memorandum. For operational purposes, however, the major configurations are:

Systems VI and III
Systems V, III and a portion of VI
Systems IV, III and a portion of VI

4. Since each system has a number of special settings, and complicated technical instructions which must be sent to the field
